Washington, May 21. President Calvin Coolidge informed the Republican members of the Senate Foreign Relations Committee at the conference at the White House yesterday evening that his position in regard to the World Court is the same as was outlined in his message to Congress. It is stated that the Committee headed by Senator Lodge will endeavor to formulate a plan harmonizing with President Coolidge's, recommending adherence to the present permanent Court of International Justice.—*Reuter's American Service*.

THE RUBBER MARKET.

London, May 21. Discussing the sharp decrease in rubber prices to below ten pence a pound, the *Times* says that the market does not appear to be suffering from overproduction, but that the fall again emphasises the need of systematic centralized selling, which would do more than anything else to stabilise prices.—*Reuter*.

BATHING BEACH PRESENTATION.**EASMA SECRETARY'S SERVICES RECOGNISED.**

The valuable services Mr. T. N. MacReynolds has rendered to the Ex-Active Service Men's Association in the position of Hon. Secretary were suitably recognised yesterday afternoon, when he was the recipient of a gold cigarette-case, suitably inscribed, at a very interesting function which took place at the bathing beach at Stoneycutters.

The bathing beach was officially opened yesterday, the President of the Association (Mr. N. Teesdale Mackintosh) being the first to take to the water. The opening day was invited to members only and some 40 made the trip across and enjoyed a very pleasant dip. They were agreeably surprised with the improvements which have been effected both to the beach and in respect of accommodation, which is much more extensive than last year.

The presentation function took place after tea. Mr. H. J. Pearce, in a few opening remarks, extended a hearty welcome and expressed the hope that the beach would be well patronised during the season. He mentioned that it was proposed this year to make a small charge to friends of members using the beach, and acknowledged the services of Mr. E. S. Carter, who had been chiefly responsible for arranging the erection of the sheds.

The presentation to Mr. MacReynolds was made by the President, Mr. Teesdale Mackintosh emphasised the point that it was not a farewell presentation but merely a spontaneous act on the part of the members of the Club, who realised how very much indebted they were to Mr. MacReynolds for his services. It had been said that a man had to go away before he was appreciated, and if they did not appreciate the

work and personality of Mr. MacReynolds before, they certainly did when he left them for a short while. Mr. Mackintosh expressed the hope that Mr. MacReynolds would continue to serve the Club in the position of Hon. Secretary and asked him to accept a gold cigarette-case, not as a farewell gift but as a token of appreciation of all the good work he had done for the Club. The inscription on the case was "T. N. MacReynolds, in appreciation of services rendered Easma, 1924." Mr. Mackintosh added he was not responsible for the inscription, and if he had been consulted he should have added another line: "and in great expectation of services to come" (Applause).

Mr. MacReynolds was heartily cheered on acceptance the gift, the company joining in singing "For He's a jolly good fellow." In his reply, Mr. MacReynolds confessed that he had been absolutely taken by surprise. He had not even heard it whispered that anything of the nature was intended or contemplated, and consequently the unexpectedness and spontaneity of the gift, would make him appreciate and value it all the more. The main thing about the Association, he proceeded, was the ideal that they were not quite living up to it. Underneath, however, they would find that the ideal still existed among their five hundred odd members. Perhaps in some cases it was a little deep, but it was there nevertheless, even if it did not always find expression. He thought they all ought to be proud to belong to the Association. All sorts of people could belong to other clubs, but there was only one sort that could belong to Easma, and those were the fighting men. In conclusion, Mr. MacReynolds said that all he could say was "Thank you." It was not much to say, he assured them that so far as he was concerned it meant a lot. The gift was a token of appreciation for services he had at any rate attempted to render and he should greatly value it (Applause).

RENTS CASE.

LANDLORD FINED \$250.

Before Mr. R. E. Lindsell at the Hongkong Magistracy yesterday Au Yeung-yuen, a merchant of 40 Bonham Strand East, appeared on remand on a summons for demanding and receiving from Ip Sui, a widow living at 13 Second Street, ground floor, \$24 in excess of the standard rent for the eleventh month last year. The standard rent was \$24 a month.

Mr. H. C. Lee prosecuted and Mr. A. E. Hall defended.

The evidence of Ip Sui was that she had occupied the ground floor of 13 Second Street for the past seven years and had regularly paid rent at the rate of \$24 a month. On the 30th November she received from the defendant notice to quit the premises on March 5th. In an interview at 60 Bonham Strand on December 1st, the defendant said to her: "If you pay more rent the house will not be demolished." She agreed to pay double rent as from the 1st of the 11th month, though she did not pay over \$48 until the 8th of the 12th month. She paid the money to the rent collector and received a receipt from him, which she produced to the Court. Witness went on to say that in consequence of the increase of rents the tenants of the seven houses owned by the defendant made representations to the Secretary for Chinese Affairs, as a result of which the defendant reduced the rent to the original amount. Consequently when she paid over the rent for the first month, it was accepted as payment for two months' rent.

Another tenant of the defendant testified, to paying \$48 to the rent collector of the defendant after he had received notice to quit and receiving a receipt for it. The amount in the receipt was later altered, however.

One of the tenants who accompanied the deputation to the S.C.A.'s office stated that he informed the defendant of what transpired at the interview with the Secretary for Chinese Affairs.

In his evidence the defendant denied asking more than \$24 or authorising his rent collector to get more. After he had served notices to quit on them, some of the tenants came to see him and said they were prepared to pay more rent if the houses were not demolished. He heard nothing about any appeal to the S.C.A. The management of the seven houses was in the hands of his son, who received the deputations of the tenants. The rent receipt produced was given for two months' rent.

The rent collector corroborated his master's statement that a mistake had been made in the rent receipt.

Defendant was fined \$250.

D'OISY WILL CONTINUE.

EFFORT TO PROCURE NEW MACHINE.

(Our Own Correspondent.)

Shanghai, May 21. Capt. D'Oisy is seriously considering accepting the offer of an airplane from the Chekiang Government to proceed to the Tokyo flight within a week. A survey reveals only what D'Oisy calls "reconnaissance airplanes" available but of the Breguet type, and he believes it is possible to proceed by shorter jumps, going to Nanking, Tsinan, Peking, Mukden, Seoul, Fusan, Nagasaki, and thence to Tokyo. D'Oisy strongly recommends the amphibious type of planes for similar undertakings.

Accepts Chinese Plane.

Shanghai, May 21. Captain D'Oisy after a trial flight in a Chinese owned airplane provided by Ho Feng-lin has announced his intention to resume his flight to Tokyo on Sunday or Monday. His first stop will be at Nanking.

THAMES CROSSINGS.

Waterloo Bridge to be Rebuilt.

The London County Council are going to take down Waterloo Bridge and rebuild it wider. A million pounds are necessary to carry out the work, including the construction of a temporary bridge to serve during the rebuilding operations. The decision does not please everybody. The County Council, indeed, have given Londoners small morsels to be thankful for. They might have ordered brand new three-decker bridge with trams on it. The Port of London Authority might have insisted upon a new bridge of three arches only; citizens will have the old numbers of arches, of the old height and span. But Waterloo Bridge will never be the same again, although its two riverfronts will present to the eye the very same stones arranged in the very same way as now. In London they are looking for the last time on one of the most famous and most beautiful things in the city; and the year in which they are to be robbed of it is the year of the British Empire Exhibition, when thousands of visitors are expected to come and look upon the famous and beautiful sights of London. The new blunder comes from the old cause; want of foresight and of plan. It should have been possible to discover the danger to the bridge in time to obviate it by the under-planning now declared to be impossible.

ANOTHER PROJECT.

As for the projected St. Paul's Bridge, the opposition to it shows no signs of being placated, says the Times. The scheme has been discussed at a meeting called by Sir William Bull, M.P., and held in a Committee-room at the House of Commons. There were present members of the deputation representing the Royal Institute of British Architects, the London Society, the Town Planning Institute, and the Architecture Club, who recently stated to the Minister of Transport their case against the proposed bridge, and members of Parliament for certain London and Home Counties constituencies. The meeting was addressed by members of the recent deputation; and the remarks of the members of Parliament present, with one exception, indicated general agreement with the arguments advanced against the bridge. Sir T. Vansittart Bowater was the one speaker in support of the scheme, his main point being that the whole question had been settled long ago. The discussion ended with the carrying of a resolution, proposed by Viscount Curzon, M.P., to the effect that the meeting urgently recommended that before the matter went any further the Minister of Transport should give an assurance that no money should be spent on the scheme until Parliament had had an opportunity of going into it.

BRIDGE HOUSES?

An unexpected suggestion on this subject of Thames bridges comes from Mr. A. S. Comyns-Carr, M.P. It is that we should revert to the practice of our ancestors, as exemplified in Old London Bridge, and build one or two of them wide enough to make room for substantial buildings of shops, offices, or flats on the sides or even at intervals over the roadway. In a letter to the Times Mr. Comyns-Carr states the case for such a reversion as follows: "That it is not impossible for such a structure to be designed in such a way as to be a thing of beauty anyone can satisfy himself who will study some of the prints of Old London Bridge which have come down to us. That it is not an impossibility from an engineering point of view is, I think, proved by the fact that it was strongly recommended to the London County Council some 20 years ago by their then chief engineer the late Sir Alexander Binnie, when the reconstruction of Lambeth Bridge, now about to be undertaken, was originally proposed. That it would be financially profitable is, I think, at least rendered highly probable by the enormous prices which are being paid for sites in the neighbourhood of the proposed new bridges and on banks of the river."

But what of the traffic, which has both increased and altered in kind since Sir Alexander Binnie was the counsellor?

available here says the planes

HONGKONG YARN MARKET.

A SLIGHT REVIVAL.
Reporting for the period ending May 21st, Messrs. Pollock & Hall & Kotwall state concerning the local yarn market:

Our last report was issued on the 22nd ultimo, since when our market has experienced no marked change.

In the early part of the period the market was in a state of suspended animation, with scarcely any business passing. Lately, however, influenced by the advance of American cotton, and higher quotations from Bombay, a slight advance was established, resulting in total sales of 2,000 bales only.

The tone at the close may be said to be steady, but with little business passing. Unsold stocks 6,800 bales. Bargains in Chinese hands, 3000 bales.

Shanghai:—An uncertain tone prevails.

Japanese Yarn:—Small sales at quotations.

Raw Cotton:—No sales. Stock 100 bales Bengal only.

NOTED ZOOLOGIST.

Famous As A Young Man.

One of the most hard-working of the world's naturalists and a noted British Zoologist, passed away at Calcutta last month, after a short illness, in the person of Dr. Annandale, Director of the Zoological Survey of India and Superintendent of the Indian Museum at Calcutta. Dr. Annandale was only recently elected a Fellow of the Royal Society.

Dr. Thomas Nelson Annandale was the eldest son of Professor Thomas Annandale, F. R. C. S. He was educated at Rugby, Edinburgh University, and Balliol. After travels in the Malay Peninsula in 1899 and in 1901-2, he was for two years Research Fellow in Anthropology in the University of Edinburgh. In 1904 he was appointed Deputy Superintendent of the Indian Museum, Calcutta, and, in June, 1916, became Director of the Zoological Survey of India. He wrote a number of anthropological and zoological works and a history of the Indian Museum since 1814. In 1923 he was appointed C.I.E.

The Key of Life BOVO-LACTIN CHOCOLATE.

By reason of its tonic and stimulating properties CHOCOLATE has been selected as one of the "vehicles" in which to administer BOVO-LACTIN. BOVO-LACTIN consists essentially of animal protein, haemoglobin and milk solids in a most easily assimilated and concentrated form. It necessarily follows that in BOVO-LACTIN CHOCOLATE we have a bavorago possessing energising powers of an exceptionally high degree. IT IS INVALUABLE in all debilitated conditions caused in the healthy by prolonged fatigue or in the sick by disease.

IT IS SPECIALLY INDICATED for all children over one year.

PEKING AND CANTON.

Whatever our readers may think about party political squabbles in China, we imagine that the majority of them will perceive the farcical nature of the recent Peking Presidential Mandate which appoints certain of General Chan King-ming's military commanders to important posts in Canton. The further report that another Mandate to make Chai himself Military Inspector of Kwangtung and Kwangsi Provinces is likely to be issued as soon as he succeeds in capturing Canton appears equally humorous. As we see the situation, those notifications are just as absurd as a Canton mandate making appointments to Peking would be. It is true that the Peking Government is the recognised Administration, but it is just as true that it no more commands the situation in the South than Dr. Sun's authority extends beyond the city of Canton. So far as the actual appointments made by Peking are concerned, we have the anomaly of the selected Civil and Military Governors being very many miles away from their posts of office, and, for the moment at any rate, the way thither blocked by opposing troops.

In writing thus we have not the least desire to suggest that Peking is not within its rights in making these appointments. Manifestly it is. For Kwangtung and Kwangsi are still integral parts of the Chinese Republic, the central authority of which is established in Peking. We merely point out the actual facts and draw attention to the anomalies which exist in the present complex situation in China. Peking has the right to make the appointments, but until it subdues the South by military force there appears little prospect of the appointees being able to take up office. It is, of course, to be that the prospect of securing these positions will yet further encourage the anti-Sun forces to push on and vigorously set about ousting the present Canton regime. Indeed, there is ground for thinking that plans towards this end are rapidly maturing and that ere long there will be a resumption of the old struggle for power. Evidence is not wanting that Wu Pei-fu is busy behind the scenes, whilst Chang Tso-lin appears to

be maintaining his touch with Dr. Sun. The sooner the tussle is over, the better. The people of the storm-tossed Province of Kwangtung, the merchants of Canton and everybody in South China are heartily sick of these recurring upheavals. Whether it be Sun or Chan, they want stable government and normality. They have had neither for many years past. Let us hope that before many months are run, the issue will be definitely decided and a new and better era come to this part of the world.

INTERNATIONAL AGRICULTURE.

The general public will probably pay little attention to an item in yesterday's news cables relating to the formation of an International Society of Agricultural Science, but it is a subject of considerable importance at this stage of the world's progress. The decision to form this big society has followed a conference in Rome of more than three hundred of the world's prominent agriculturists. The headquarters are to be at the International Institute of Agriculture, which is one of the biggest institutions in Italy and for many years has issued a valuable summary, in several different languages, of the world's progress and scientific discovery with regard to farming, stock-breeding, and agriculture in general. In the United Kingdom itself the agricultural industry now occupies a very obscure back seat, and over its days of intermittent prosperity seem numbered, but our big colonial empire comprises some of the most important food-growing areas on the globe, and nothing that can be done to improve farm produce of all kinds should be overlooked. The dependence of different parts of the producing world on each other entirely eliminates rivalry or secrecy in agricultural endeavour. As with medicine for human ills, the discoveries of farm, field and stockyard are international. Again, as the world grows more heavily populated, the question of increased yields and elimination of pests and diseases becomes of greater importance every year. In this light we see the inauguration of the International Society of Agricultural Science as marking a new era in man's effort to use the wealth of nature to his best advantage.

THE WORLD COURT.

To the man-in-the-street the differences between world courts, international Hague conventions and the League of Nations must appear very slight. They are in principle similar organisations inasmuch as they comprise associations of nations for the mutual good. But the delver after essentials will form his own opinion as to which can best uphold the ideal of universal peace and judgment by arbitration instead of by force. What we have to realise is that the Government of the United States of America, the most important, because partly isolated, factor in the peace councils of the world, has definitely set its face against the League of Nations, whilst a portion of public opinion across the Atlantic is entirely opposed to any kind of participation in European affairs. President Coolidge, however, is inclined to have America participate to the extent of joining the permanent Court of International Justice, and the majority of Americans realise the necessity for such association with other Governments. All that remains is to have a definite official decision, and that must come sooner or later, even if the discussion appears unduly protracted.

AFTER TEN MONTHS.**ARRESTS OF ALLEGED ROBBER.**

After an interval of nearly ten months, one of a gang of men alleged to have carried out a successful armed robbery at No. 50, Tai Nam Street, Shamshui-po, was arrested in Shanghai Street yesterday. The men who were armed with revolvers and daggers, escaped with \$242 and a quantity of jewellery.

Prisoner was assisting a vegetable hawker in Shanghai Street when one of the victims recognised him and had him arrested.

When brought before Mr. E. W. Hamilton, at the Kowloon Magistrate's Court this morning, prisoner was remanded for 24 hours for enquiry to be made by the police.

DAY BY DAY.**HE WHO OPENS A SCHOOL,
CLOSES A PRISON.**

Two British cases of paroxysmal fever were reported yesterday.

Admiral Hugo de Lacorda, of Macao, left by the Atsuta Maru yesterday.

Mr. T. Honda, Hongkong's tennis champion, left yesterday by the Atsuta Maru. He is to be one of Japan's players at the Olympic Games.

Reports state that two towing launches which resumed the run between Kowloon and Canton in consequence of the strike settlement have been commanded by military forces.

At this afternoon's meeting of the Legislative Council a resolution approving the erection of a public arinal at the junction of Kimberley Road and Austin Avenue, Kowloon, was passed.

To-day's meeting of the Legislative Council was the first held in the Council Chamber since fans have suspended the old punkahs. One small punkah, over H.E. the Governor's seat, is the only one left.

It is reported that Wu Hon-man, who has recently returned to Canton from Shanghai, has been appointed Secretary General at Headquarters, and that he receives all visitors, whether military or civil.

At a meeting of various baseball clubs held at the American Consulate last evening, it was unanimously decided to form a Baseball League. Mr. Wallman was elected Secretary and Mr. Keenan Treasurer.

Tai Pan, a plate-layer's coolie, was fatally injured when a hatchet cover dropped on his head whilst at work in the hold of the steamer Sarvestan at the Kowloon Docks yesterday. Death occurred whilst he was being taken to hospital.

Seizures of dangerous drugs made last year in Hongkong were: Morphine, 5,263½ ounces; heroin, 23,400 ounces; cocaine, 48 ounces. It is recorded that Revenue Officer Ward did very good work in this connection during the year.

Under the heading "H. M. Naval Base, Singapore," the Straits papers advertise for sale the extensive (and expensive) plant accumulated prior to the present Government's decision to do away with the scheme. Not "waste" surely!

Reuter news cables, after being relayed, sometimes give the transcriber furiously to think, but it is seldom such a peculiar error in transmission is encountered as in the message to-day relating to the New market Stakes winner "Hurstwood," which was wired as "Hultwood."

Eulogistic comment continues to be showered on the Chevalier and Palmerie company of mystic entertainers, who finish their Queen's Theatre season tomorrow night. They will give their performances at the 7.15 and 9.15 performances, when they will be supported by "Birdie 13" and "Determination" respectively. The latter is a big picture on a rather ambitious plane. It is quite worth seeing for the bizarre scenes of London by day and Paris by night.

In "Kindred of the Dust," opening at the Coronet to-day, one will be treated to an excellent opportunity for clean entertainment and, at the same time, an insight into that side of life in which nearly everybody is interested. A young woman returns to her sanctimonious home with a child born out of the accepted theory of wedlock, a rich youth marries the poor girl and a stern father is softened into love for his son's wife by the cheery influence of a newly-arrived grandson. This, in short, is the plot. Simple as it is, it provides Miriam Cooper and Ralph Graves with parts in which their undoubtedly abilities are brought out to perfection.

TWO-MINUTE TALKS A Daily Topic By ROBERT POWER**GOLD!**

It has been well said that perhaps the most arresting cry over their labours. Unexpectedly popular among men is that of "Gold!" Those who have nothing could be gained, their participation in the rush for the toil has been rewarded by an

of the earth testify that there is an indescribable thrill in the cry when a lucky "strike" is made. It reverberates in the heart and arouses all the passions of Humanity: triumph; cupidity; ruthlessness. "Gold!" is a shout which takes away the memory of months of bitter labour and toil. If we toil, let us make sure that we find true gold and not some alluring imitation. It is strange, but we know it to be true, that many labourers are contented with something which is but an imitation. Time will prove the test. We may bear up many things which we have won by toil. Perhaps our labour has been more severe even than those of our neighbours, but if what we have garnered is only a spurious substance, it will neither profit nor endure.

A man may gain notoriety, but it is not the fine gold of real character. His name may be upon every lip, but his fame will fade. Or, actual riches may be accumulated by devious methods. They will not bring happiness, enduring peace, or any contentment of mind. Power may also be held by the man who is unscrupulous, but the hour will come when this will pass from his hand. How miserable indeed is the lot of such if they have not the pure gold of a good conscience!

We read of "gold in the furnace of trial." If it be real metal, the heat of the fire will not diminish its value. It is so with those virtues which are the crown of human life. Sorrow and suffering will "Gold." It is so in life. Men test, but not destroy them. In striving to win a fortune, they do not emerge from the ordeal are drawn on by the certain fact refined and beautified.

STOWAWAY LAW.**NEW BILL READ FIRST TIME.**

At this afternoon's meeting of the Legislative Council, a Bill entitled An Ordinance to amend the law relating to stowaways was read a first time.

This Bill makes it an offence to be on a ship with intent to stow away. The element of finding is eliminated. By Clause 4 of the Bill it is laid down that if a person is found on board a ship between Hongkong and the next port of call it shall, unless he can prove the owner's consent, be presumed that he was on board the ship in Hongkong with intent to obtain a passage without the consent of the owner. The Bill also provides that an offence against the Ordinance is committed by any person who arrives in Hongkong having stowed away in the ship elsewhere, provided that he was voluntarily on board at some part of the voyage between the last port of call and Hongkong. It is submitted that this legislation is not ultra vires. To stow away outside the Colony is not made any offence. What is prohibited is the arrival of such a person in the Colony. It is obviously undesirable that persons of this class should land here, or have the opportunity of landing here, because they often become a charge on the Colony, and in other cases they tend to swell the criminal population.

There are other good contributions, one by "Rufus," entitled "A Defense," being more deserving of the title "An Excuse." School Notes, and the various class notes and references to school sports make up a number which should still further enhance the reputation of "The Yellow Dragon."

QUEEN'S COLLEGE.**THIS MONTH'S "YELLOW DRAGON."**

We have to hand the May number of "The Yellow Dragon," the popular monthly magazine of Queen's College.

This month's issue is a particularly attractive one and contains much of interest, not only to boys and old boys of Queen's College but to the general public. There are two very clever contributions in verse by "W.K.", one bearing the intriguing title of "Chlorinated Cockroaches." It tells of a comedy (perhaps it should be "tragedy") which took place in the house of a Master at Leighton Hill. Postured by cockroaches, the hardy Scotsman set forth to smoke them out with hydrochloric and potassium permanganate but he only succeeded in bleaching the insects and now has a piebald post in place of a dark brown one. The versifying of the story is excellently accomplished, the humour of the incident being cleverly conveyed.

"W.K." other effort in "A Matriculation Madley," in which all the specialised terms met with in English, Mathematics, Geography, History, Physics, Chemistry and Drawing are used in rhythmic measure in a very ingenious and amusing manner.

There are other good contributions, one by "Rufus," entitled "A Defense," being more deserving of the title "An Excuse." School Notes, and the various class notes and references to school sports make up a number which should still further enhance the reputation of "The Yellow Dragon."

BRITISH NORTH BORNEO LOAN.

London, May 21.

The lists of the British North Borneo Company's £650,000 five per cent. first mortgage debentures, at ninety per cent. redeemable in 1974, close this afternoon.—Reuter.

A passenger stated that he both saw and heard. The Sergeant went on to state that masters of motor boats all made the same excuse, namely that their engines were so noisy that they could not hear whistles. This was dangerous to navigation, as motor boats could not hear the navigation blasts of steam launches.

Defendant told his Worship that his engine was making so much noise that he could not hear. When he eventually heard the whistle he stopped at once. This was defendant's first offence and he was fined \$10.

LADIE'S GOLF BATTLE.

MISS WETHERED IN THE FINAL.

Miss Leitch Again Fails.

London, May 21.

A feature of the fifth round of the British Ladies' Golf Championship at Portrush was the renewal of the battle for supremacy between Misses Cecilia Leitch and Joyce Wethered, begun in 1920, when Miss Wethered surprisingly defeated Miss Leitch in the final for the English championship. She repeated that victory in 1922, since when Miss Leitch has been absent from competitive golf until the present.

Miss Wethered was excellent throughout, and won by a wide margin of 6 and 4, Miss Leitch failing, through being chiefly weak in putting.

In the semi-finals Miss Wethered beat Miss Holme, 4 and 3, and Mrs. Cawley beat Miss Gourlay by one hole. —Reuter.

THE NEWMARKET STAKES.

A Remarkable Finish.

London, May 21.

The result of the Newmarket Stakes was: Hurstwood (10) 1, Salmon Trout (5 2) 2, San Sovino (11 2 3). Won by a neck, with a head between second and third. There were eight runners, all engaged for the Derby the others being Bright Knight, Despatch, Bucks Yeoman, Eaglostane and Polyphontes.

On settling down, Salmon Trout led from San Sovino, Hurstwood and Bright Knight. At the bushes each of these four tried to force its way to the front, and as the horses came closer to home it was impossible to separate them. When but a few feet from the post Hurstwood claimed the lead, while the other three were locked together as the post was passed. It was one of the finest finishes ever witnessed. Bright Knight was favourite at evens, and came fourth a short head away. —Reuter.

LAND FOR SINGAPORE BASE.

Questions As To Terms Of Purchase.

London, May 21.

In the House of Commons, replying to Mr. Spence, Mr. Alexander (for Mr. Ammon) stated that the late Government had bought no land from the Bukit Sembawang Rubber Company with the object of establishing a base at Singapore, as the land for the base was acquired by the Government of the Straits Settlements. With regard to Mr. Spence's further questions as to the price paid per acre and the number of acres now leased to the Bukit Sembawang Company, the date and terms of the lease and rental, and whether the land leased was fully cultivated for rubber production, the Government had no information as to what transactions had passed in the Colony on the matter. —Reuter.

SOCIALISM AND THE CHURCH.

New Mayor's Break With Tradition.

Mr. William Dobbs, the first Socialist Lord Mayor of the ancient City of York, has startled conservative Church people with an official announcement that there shall be no official attendance at divine service during his term of office.

His action will interrupt a practice of many centuries, in which all over England it has been customary for Mayors to attend certain prescribed services of the Church of England.

At the last two services at York attendance by officials was very small, which caused Lord Mayor Dobbs to declare:

"The members of Council are a lot of piffing frauds in regard to recognition of civic Sundays. My time is too valuable to be wasted in walking about the streets with my red coat on. If the members of the corporation have kidded other Lord Mayors into going to Church under these circumstances they won't kid me."

BRIGAND OUTRAGE.

Foreigner Dies of Wounds.

Foochow, May 22. Mr. Dinsmore, Mr. Mackay and three Chinese have been attacked by brigands above Shashan. Mr. Dinsmore was wounded, and escaped to Shashan, and there died on the twentieth.

Mr. Mackay and his party are in captivity. —Reuter.

LIQUOR AND TOBACCO.

HONGKONG'S REVENUE LAST YEAR.

At the meeting of the Legislative Council, held this afternoon, there was laid on the table the report of the Superintendent of Imports and Exports for last year, in which is given interesting information regarding liquor and tobacco duties.

The net revenue collected under the heading of Liquors was \$1,276,152 as against \$1,196,799.

It is explained that "this slight increase is due to more strict measures to prevent evasion of duty in the case of Chinese liquor, but the collection of duty on Chinese liquor still remains unsatisfactory, the amount paying duty being slightly under the figures for 1914, the first war year, notwithstanding the very large increase in the Chinese population."

The net revenue collected under the Tobacco Ordinance was \$1,831,079 as compared with \$1,474,677 for 1922. "The smuggling of cigarettes was chiefly confined to high grade cigarettes of foreign manufacture, of which some large seizures were made."

In a table it is shown that over 10,000 cigars were seized, over half-a-million cigarettes and large quantities of foreign and Chinese tobacco.

FOOTBALL.

The following will represent the Club de Recreio in their replay against the East Surreys for the runners-up position in the Second Division Football League game to be played on the Hongkong Club Ground on Friday, 25th instant, at 5.30 p.m. —M. Silva; A. Gomes; P.M. Xavier; C. d'Assumpcao; A.A. Remedios; H.C. Remedios; D. Xavier; A. Furtado; W. Ogle; L. Rocha and A. Brown. Reserves: A.A. Botelho and L.A. Carvalho.

BILLIARDS.

Playing in the handicap at the Palace Hotel last night, Mr. C. Spry (125) beat Mr. H. Blandin (170) by 250 to 53. Highest breaks were:—Spry 44, 41, 39, 21, 16, 16, 14, 13 (3); Blandin 27, 22, 20, 19, 19, 15.

To-night Mr. H. O. Baldwin (175) meets Mr. A. J. Osmund (325), the game to commence at 8 p.m.

Cultivated Man.

CAMERA NEWS.

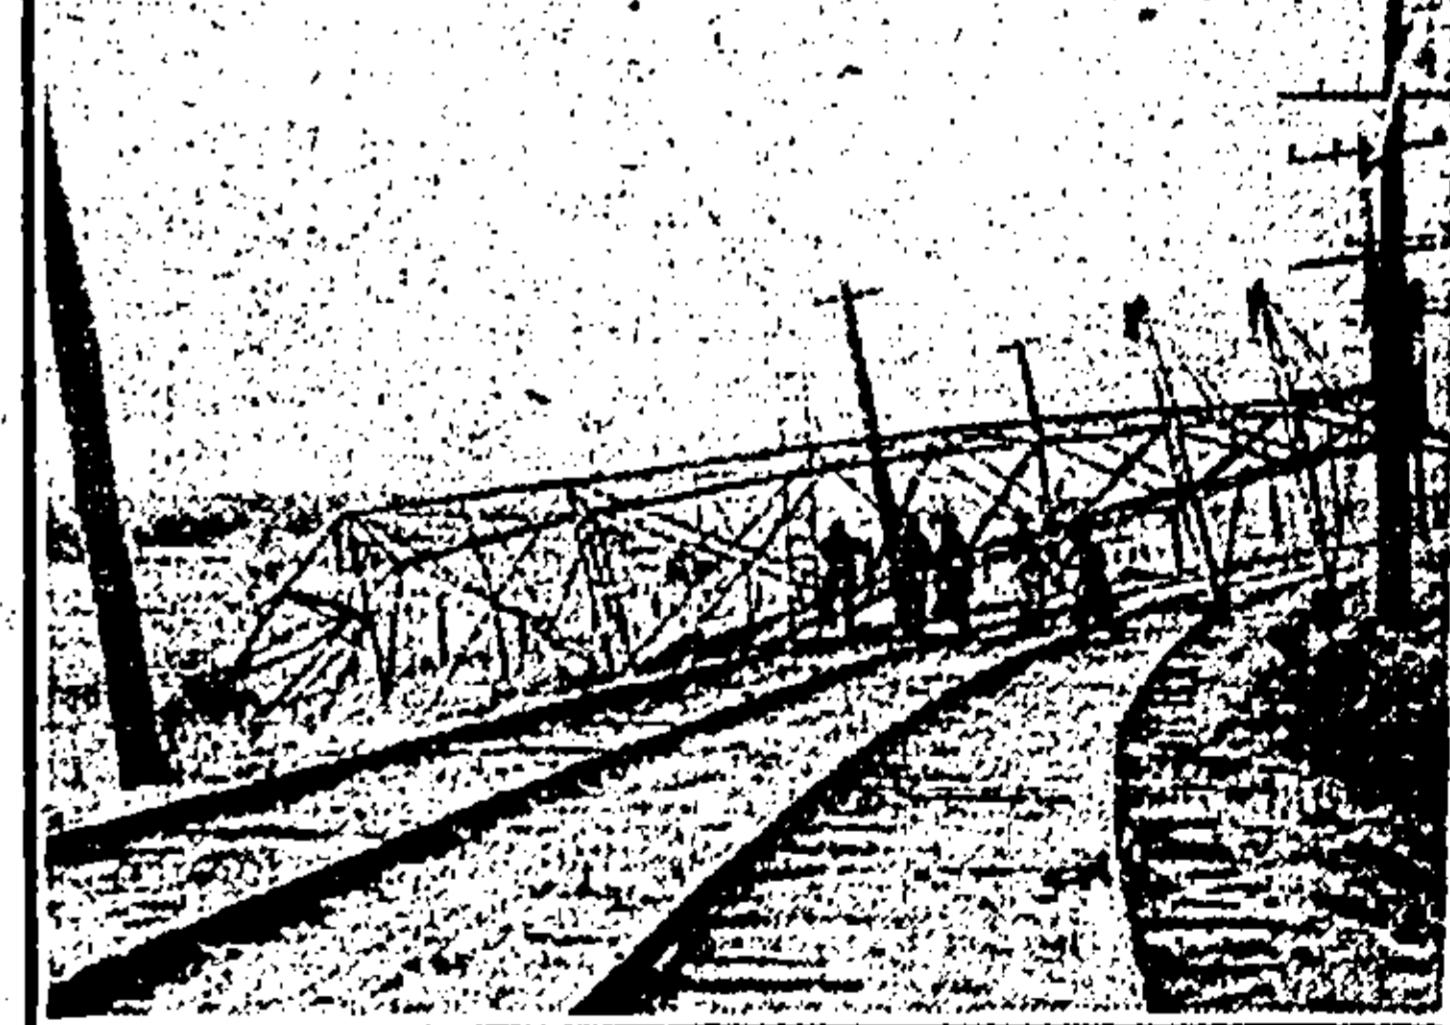

Mr. W. Hill, more familiarly and widely known as "Billy" Hill, one of the most successful and popular jockeys on any race course in China, is retiring. Recently Past and Present jockeys of the Shanghai Race Club gave him a farewell dinner at the Grand Stand of the Shanghai Race Club, when it was mentioned that Mr. Hill had over 600 wins to his credit. Our picture shows the dinner party. Those standing at the top of the table are: Messrs. C. H. Arnhold, W. Hill, C. R. Burkhill, F. R. Vida, and F. A. Sampson.

Mr. Austen Chamberlain
snapped on way to Parliament.

There was tremendous applause when Messrs. Dallas and Tong led in their pony Columbia, after his sensational victory in the Champion at Shanghai. Our picture shows the owners leading the pony through the cheering crowd in the Grand Stand and lawn.

Miss Jean Constable who has
been made a member of the
Ohio State University stock
judging team which will compete
at the International Livestock
Exposition in Chicago.

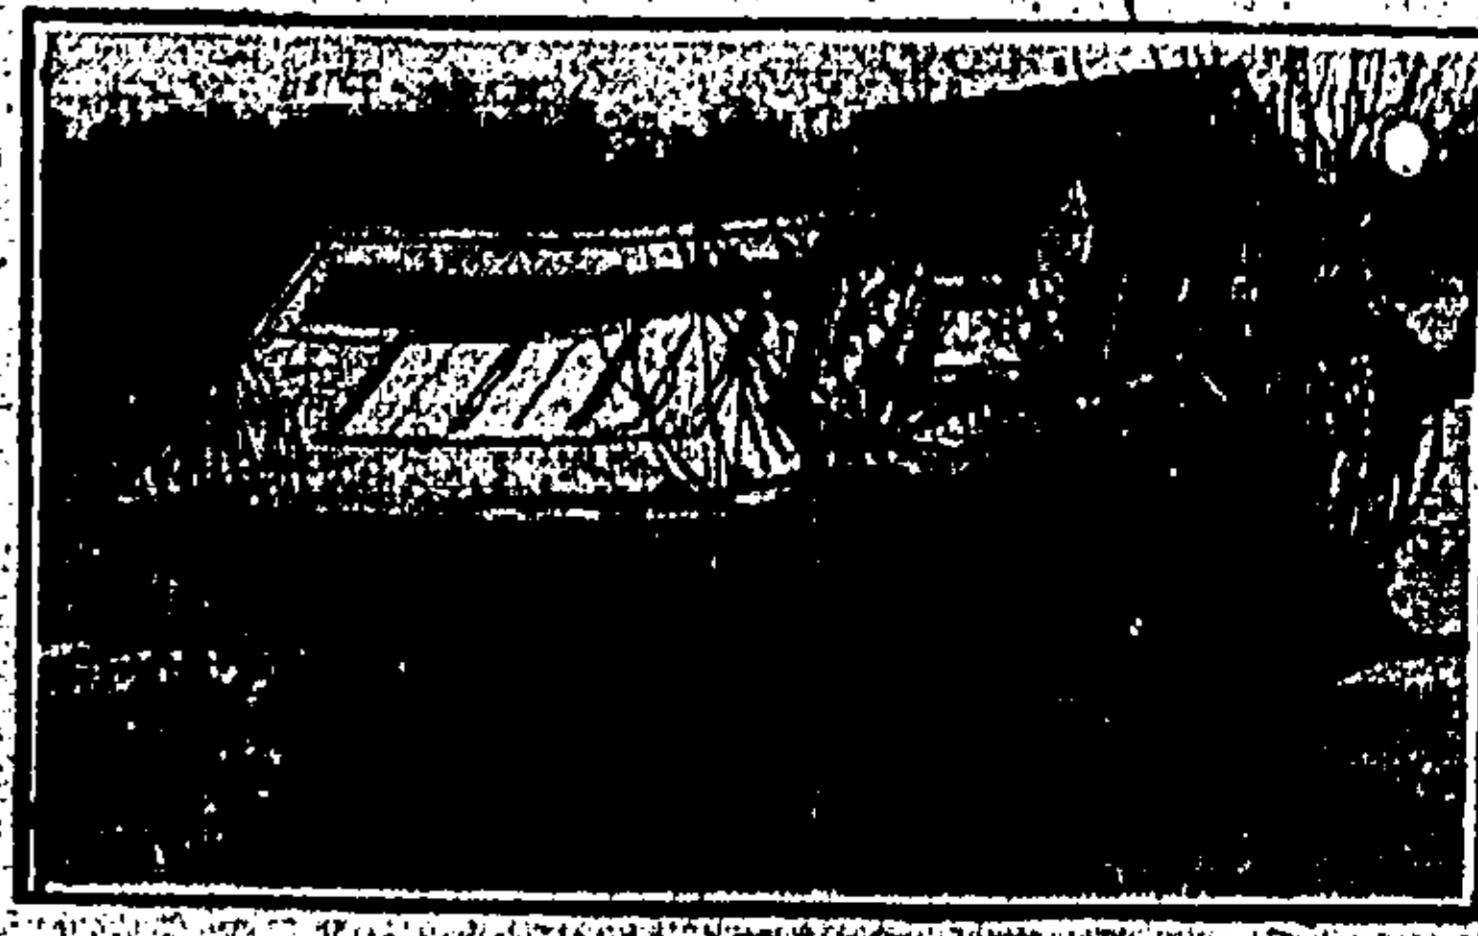

Wretched weather marked the third day of the Shanghai Spring Meeting, and only cleared up just before the Champion race was run. Our picture shows a number of the spectators, well-protected against the rain.

High winds did heavy property damage at Wisconsin recently. Here is a steel tower, used along an electric line from Kilbourn to Milwaukee, down over the tracks of an interurban line.

Swelling waters of the Allegheny and Monongahela Rivers inundated many sections of Pittsburgh city recently, as shown above.

Heavy rains in Cincinnati caused the water to turn up pale yellow and deposit in an orchard during the recent flooding of the Ohio River. Thousands were forced to flee from their homes in the lowlands.
